Pro HVLP Nano-Atomizer & Steam
Fumigation Kit

Commercial IAQ contractor hardware kit combining a 0.5mm/0.8mm stainless
HVLP nano-atomizer spray gun and a 2600W high-temperature steam fumigator.

PATHWAY 0.5mm HVLP Gun + 2600W 95°C Thermal Steamer

TECHNICAL SPECIFICATIONS & OPERATING PARAMETERS

Factory QC Standard · Verified Batch Parameters

HVLP Spray Guns Included	1 × 0.5mm TiO ₂ Precision Gun + 1 × 0.8mm Scavenger Gun (316 Stainless Steel needles, 600ml cups)
Steam Fumigator Specs	2600W instant heating coil, 85°C–95°C nozzle temp, 3.5 Bar steam pressure, self-priming intake tube
Recommended Air Compressor	Pairs with any standard silent oil-free air compressor (0.20 – 0.35 MPa, ≥60 L/min)
Voltage & Plug Options	220V–240V (50/60Hz) or 110V–120V (60Hz); EU / UK / US / AU plugs
Case Contents	2 × HVLP Guns, 1 × 2600W Steamer, 8m PU Air Hose, Pressure Gauge, Cleaning Brush Set
Product Grade	Industrial Contractor Fleet Equipment Grade
Specific Gravity / Density	Net hardware kit weight: 6.8 kg
Flash Point & VOC Content	Not applicable (CE-certified electrical & pneumatic hardware) · VOC: 0 g/L
Application Method	Connect 0.5mm/0.8mm HVLP gun to oil-free compressor (0.25 MPa); run 2600W steamer on panels
Transport & Customs HS Code	Non-Dangerous Goods (Non-DG for Sea/Air) · HS 8424.20.0000
Quality & Test Compliance	Laser Diffraction Droplet Sizing & Continuous Thermal Load Test (5–15 µm uniform mist atomization; 95 °C continuous steam output)
